

Ever thought you'd like to know more about the Bible or the Christian faith?

The Access to Theology course offers you the chance to explore key areas such as the Old Testament, New Testament, Church History, Systematic Theology and Pastoral Theology.

Does the thought of study put you off?

The course includes a module on study skills, designed to help you with issues such as planning, reading, writing and even preparing for exams! Access to Theology is great as a stand-alone course, studied just for interest or personal development, or you can use it to gain entry to the BA Theological Studies degree programme.

Only want to do one module?

That's OK! You can select the module want (from the Access or BA programme) and study at your leisure....

Full time, Part time and Open Learning available

We have everything from an Access course to a PhD and our courses are available by distance learning, so you can study with us ***without even having to travel to Dingwall!***
