## “He himself will redeem Israel from all their sins.”

Psalm 130:8

### A Free Teaching Day with Messianic Leaders from Jerusalem.

Israel sits at the heart of conflict in world leaders and churches alike. Divided opinion, subject of much media speculation and biased reporting as well as ongoing concerns for the welfare of all people in the region lead us to struggle with fully understanding the Scriptures that talk of God's own nation.

How do we match up what we see on the news and what is written in God's Word? How do we pray effectively for Israel? What significance does the happenings in Israel have upon us as Christians? With very strong Biblical input, such questions and others will be tackled head on by leaders from Jerusalem who have dedicated their lives to serving and praying for their nation.

If you are unsure of Israel's prominence in the world today or think God no longer calls them His nation, this is a day that could challenge your thinking and understanding. If you have a heart for the nation of Israel and want to

know more about how to pray in light of the current world and political situation, then this is unmissable!
