# Welcome

A very warm welcome to the 2012 aLive Festival. We are delighted once again to welcome so many well known and respected artists, teachers and speakers to Inverness to take part in the festival week. We would also like to welcome you, your family and your friends - it's our hope that you find the events of the week encouraging, uplifting and enjoyable as well as a resource to deepen, strengthen and equip you to live out the Christian Faith.

With a strong theme of impacting your community - this year's programme sees the introduction of a number of new events, including the "Equip Conference" - an all day event with worship, seminars, workshops, children's ministry and a marketplace. We also have a Men's Day hosted by Christian Vision for Men, as well as seeing LZ7 and the Message Trust visit three Secondary Schools across the region. In addition to this, we have the return of teaching events, a Ladies' Night, Drama, and another "Worship in the City" evening with Hillsong London headlining at the Ironworks! Full details of all these events can be found within the pages of this programme.

Please take some time to browse through the programme and find out more about each event and the organisations supporting them, and we hope you'll come along to as many events as you can. This year we have a range of ticket options including Early Bird and Saver prices.

We are very grateful this year to have so many charities and organisations partnering and supporting us. We consider it a blessing and a privilege to work with these organisations. Please do take the time to explore their work and find out more about their ministry.

Thank you for supporting this year's festival and we look forward to seeing you throughout the week.

## “Worship in the City”

Hillsong London / Bluetree / LZ7

Ironworks, Inverness Doors 6.30pm, Bands 7.00pm

Hillsong Church London has been meeting in the centre of London in various venues since the year 2000.

In that time the congregation has grown from around 100 people to 10,000. The church is passionate about being the expression of heaven's welcome home to the world we live in. Globally, Hillsong are renowned for their praise and worship, having released many live albums throughout the last twenty years. The Hillsong London worship team serves every weekend in services in Central London, Kent and Surrey. Over the past five years, the team have also travelled the globe leading worship and seeing lives changed. Their heart is to help people experience God and understand His grace and perfect love for them. They also carry with them the cause of the Church and are passionate about inspiring others to take their part in the body of Christ, which is God's vehicle for bringing change to our world.

Bluetree is an Irish worship rock band. They are well known for the track "God of This City," written by the band while leading worship onstage at a squalid nightclub in Pattaya, Thailand. "God of This City" has become a response that acknowledges the power, presence, and sovereignty of a Holy God – and His plan for a better, bolder future. The music of Bluetree is an experience. This experience may well be loud, bold and energetic.

It may also be soft and so quiet you can hear the heartbeat of the person beside you. You may be blown away by the powerful thud of the kick drum or the hypnotic wail of the electric guitars. However, if this is all you experience then your time may very well have been wasted. Through all the noises and beats, all the melodies and harmonies, what we want you to experience is the overwhelming presence of God.

After their massive impact at last year's aLive Festival, LZ7 are back with their energetic and explosive combination of rock, hip hop and tough street beats! Working with The Message Trust, LZ7 bring their noisy gospel to schools, prisons and events across the UK and Europe and will be visiting some Highland Secondary Schools during the aLive Festival week (see page 19 for more info).
